

**Examiner Telephone Interview**

Applicant thanks Examiner for talking with Applicant's attorney on July 30, 2008. The discussion concerned the invention as it related to capsules that are made of materials that are pharmaceutically acceptable with respect to their chemical and physical properties. When discussing the claims, the Examiner directed Applicant's attorney to MPEP sections 2111, 2114, and 2181 to 2186.
